

■ True or False Activity

Read the statements and write True or False next to each of the following statements.

1.	Rules are instructions that show us how to behave in certain situations.	
2.	We do not have rules for many situations in our lives.	
3.	Having rules in the classroom means that there are instructions that students should follow.	
4.	Think in your native language during class.	
5.	If you do not pass a test in class, do not feel discouraged.
